Did you know that recent statistics prove that over 90% of the UK now search the internet to find their perfect property on-line and that the internet is now the main tool in providing property leads. This is where our on line solutions can assist you. We advertise on propertyfinder, finderproperty, primelocation, thinkproperty, globrix, zoopla and many more property related websites.

Limeliving want to offer an excellent range of quality accommodation throughout the local area, including all types of property, from stylish town centre/suburb apartments, traditional terraces to up market detached properties, new builds to individual developer/architect designed properties and plots of land for sale or to-let on behalf of sellers and landlords. Our fees are fixed so the price you see is the price you pay with no hidden costs or contractual tie-ins therefore helping you save money on costly traditional percentage fees if selling a property. For the private landlord we can offer a fixed fee let only tenant find service which therefore eradicates monthly management fee's and helps you maximise the return from your investment. A full property management service is also available and can be tailored to your exact letting requirements.
